McALEER CANCELS PRACTICE GAMES WITH ATLANTA

Weak Pitchers Cause of Manager's Decision to Call Off Contests With Southern Club.

By WILLIAM PEET.
Atlanta, Ga., March 31.—(Outside of the fact that the regulars won a corking good ball game from the Shamrocks by 2 to 0, the only important news item from the training camp is that Manager McAleer has called off all four practice games previously arranged with the Atlanta club for next week.

"I thought these Atlanta fellows would be in shape to give us some part of a battle, but they haven't any pitchers, so I have canceled the games for next week. Our boys will derive more benefit in the games played between ourselves," announced the Nationals' boss after dinner to-night.

By winning from the Shamrocks this morning the regulars are now leading 5 to 4 in the practice series. As these games progress it is easily seen that the pitchers are rounding into form. This morning Dolly Gray, twirled five chapters for the Yankees and allowed but three hits. Harvey Bussey, who succeeded him and finished the battle, did not let a man reach first base, and nothing that even smacked of a safe bunt was made off his delivery.

On the other hand, Bill Orey, the regulars' leather chucker, permitted no runs and yielded four safe raps, while Fred Sherry, who relieved him, was almost as effective as the Shamrock's fasteners were only marred to the extent of three-bagger by Alsmith in the ninth after two were gone, but the catcher got no nearer home, as Sherry tightened up and struck him out.

Pitchers Make McAleer Happy.
The work of the pitchers made McAleer happy, but the fact that safe swags were so few and far between set him thinking, and he said that he might double up on the batting practice beginning next week and send the men up to the plate just twice as often. Pitchers are all right, but a successful ball club needs plenty of offensive strength.

The day was ideal for hard work. There was no wind, and the sun came out strong. The critics of the Western paper, who recently said that the Nationals would win a lot of ball games if they put more life into their work, should have been on hand to-day. Both sides unworked a lot of raps, and every mother's son of them was on his toes throughout the nine innings.

Reverent Outfielder Charley Conway, who has been hitting the ball like a fend the past few days, was the subject of a little talk by Manager Jim just before the game started. McAleer said to Orey and Sherry: "I want you boys to put something on that ball every time Conway comes to the plate. He has been getting his hits too often, and I want to see if you fellows cannot stop him."

Conway the first time out Orey is a hole and Lanky Bill had to put the ball squarely over the plate. A good healthy swing by the recruit met the ball on the nose and it shot through Orey's pins like a streak of greased lightning, and the ball struck McAleer's right shin, nearly putting him in the hospital.

"I wanted to see how hard Conway could hit the ball, and I now know," was McAleer's only comment.

The ill-gidded twirling of Bussey and Sherry, relief pitchers, was easily the feature of the game. Orey was in good bad holes, but always managed to crawl out in good shape.

The regulars collected their two runs off Dolly Gray in the third. Street, first baseman, and according to custom in Atlanta, stands ready as all times to shake dice with one and all for the cigars. The Washington players have thus far proven good patrons, but in the long run it is small consolation to have more than if they had bought their own cigars.

Here's the inconsistency of the laws in Atlanta. On Sunday a city ordinance compels all cigar stands, ice cream, soda water, and other refreshment places to close up tighter than a drum, but you can go into almost any hotel and shake dice with the women clerk for the cigars "Can you beat that?"

TRAINING CAMP NOTES.
Chief Swain, of the Nationals, and Chief Meyers, of the New York Giants, are old pals, and greeted each other warmly when the giants arrived Wednesday morning. To see them both together it would be hard to tell which was the Indian.

"Gabby" Street continues to train as conscientiously as the youngsters. He tears around the bases after hitting the ball safe in batting practice, and usually winds up by sliding home.

Even if Manager McAleer does not retain a single one of his youngsters, it is a safe bet that he will hold the strings attached to the majority of them, as they all look like real diamonds in the rough, and may develop into stars with a year or so in the bushes.

"Bring me a demitasse," said colleague Fred John Henry to the waiter at dinner last night. "Bring me one, too, and some coffee," piped Warren Miller, who was sitting next to the first baseman.

Ginger is the mainpring in the Nationals' machine just now. Every man on the team is forever urging every one else to hurry along. All speed laws are broken as a result, and one is hardly able to recognize the team as a Washington club, in which speed and ginger heretofore have been as scarce as offers of marriage to an old maid. If the boys only keep this up, the fans in the Capital have a rare treat in store for them this season.

"P-B" Clothes Make the Man

Gentlemen, we mean exactly what we say—your attention for a moment, please, and you will catch the drift of our talk instanter. How Clothes make or mar the man, possibly you have never given it a thought.

Surely "a man's a man for a' that," but what an important part his Clothes play in this game of life. Let's turn the spotlight on the heart of our talk.

The importance of correct Clothes as a factor in business or social affairs cannot be overlooked by any man at any period in his life.

Correctness in Clothes is recognized now by every man of success.

We know men are growing more critical in their Clothes demands—we have kept in the lead of this race by bettering our Clothes, and to-day our ready-for-service garments rank with the best from real tailors costing \$15 to \$20 more per suit.

Please note carefully the hand-tailored "P-B" Suits, study the fit of the natural shoulders, the drape of the coat—the naturalness, the grace. Then turn your attention to the exclusive patterns, the pretty soft shades in GRAYS, TANS, BROWNS, &c., and always remember that

BIG LEAGUE GOSSIP

With his pride touched by criticism, Cy Young has worked hard to be right when the season opens, and those who have watched him at Hot Springs, Ark., say the youthful veteran has as much smoke as a soft coal burning plant.

Mathewson's pride was badly hurt down in Birmingham, Ala., the other day when a bush leaguer hit one of his balls over the fence.

In 1904 Bob Lowe made four home runs off Chamberlin, Cincinnati pitcher, in one game. Ed Delahanty, known to all fans as one of the greatest and best of the diamond stars, got four homers and a single off Terry, of Chicago, in 1896.

Harry Davis, the Athletic popular captain declares he will stay in the game as long as he sees Cy Young's name in the paper.

Bugs Raymond is to open the season for the Giants in New York. If the extant cling to his seat on the cart for the next few months the prediction that that team will head the march to Pennantville will come near being verified. Whenever McGraw admits that Raymond has returned, he crosses his fingers, raps on wood, and qualifies it with "up to date."

In 1886 Guy Hecker, Louisville, and Dan Brouthers, for Detroit, hit for fifteen bases each in a single game. In 1883 Larry Twitchell hit Mike Madden for sixteen bases in a game.

Connie Mack expects to surprise the fans this season, and the surprise he has in store is none other than the old reliable Eddie Plank. Just watch him this year, says Connie.

Bobby Wallace, shortstop, Newnam, first base, Lepperte, second base, and Austin, third base, is the present owner of the St. Louis Browns' infield. Austin is batting right handed.

It cost the New York Yankees \$2,000 to regain the services of Catcher Blair, whom George Stallings sold to the Rochester Eastern League club for \$2,200.

Jimmy Vaughn, of the Highlanders, weighs 206 pounds, and Hal Chase has set the task for him to take off the extra 25 before the time for the big bell to ring.

AUTOMOBILE NEWS AND GOSSIP

"I expect it will be some time before Bob Hurman's record of twenty miles in 12:12, made yesterday in a Buick at Pablo Beach, Fla., is lowered," said "Ted" Johnson yesterday. "An average speed of better than ninety miles an hour means that at times he was going over a hundred."

One of the quickest automobile sales ever recorded in Washington took place yesterday, when Robert Wells, at 3 o'clock, walked into the showroom of the Cook & Stoddard Company and asked a few questions about a Cadillac. After having them satisfactorily answered he said he would take one, and then wrote out his check. In less than one hour from the time he first entered the showroom he was taking his first ride in his Cadillac.

W. R. McBurney, of the Pope Auto Company, agent for the Mack truck, has been informed that one of these trucks is being put to a novel use by a New York telephone company, which owns thirty-one Macks. The car is equipped with a winch, which is used in the city to pull phone cables through the conduit and in the country for stretching overhead wires. The car is equipped with a double transmission, one for driving the car and the other for operating the winch.

Grounds will soon be broken in Lansing, Mich., for an addition to the factory of the Olds Motor Works. Plans call for increasing the plant by half its size. Word to this effect was received yesterday by M. T. Pollock, who handles the Olds line in Washington.

J. H. Ebersole, who handles Marion cars in Washington, returned yesterday from a visit to the factory at Indianapolis, Ind.

"Judging from the number of inquiries we have had regarding the fore door Model O Pullman, it promises to be the hit of the season," said Theodore Barnes, representative of the Pullman who has just unloaded a shipment of those machines.

DECISION AWARDED BURNS OVER ATTELL

Abe Fights Most of Bout with Disabled Arm.

New York, March 31.—Frankie Burns won a technical boxing decision over Abe Attell at the National Boxing Club to-night. Attell walked away with all the real honors. For half the distance Abe fought with his left arm hanging lifeless by his side. The old hurt to his shoulder with Kilbane in Cleveland returned. He could not punch with his left, and it was equally useless for defense. Yet he took his lumps with one hand practically tied behind him and nearly won the Jersey laurels in the two last rounds. Jersey Burns hit the mat from the only coup Attell had in competition. Toward the latter part of the ninth, Frankie went to his knees and stayed there for a full count of "nine." And again at the start of the tenth the Jerseyman struck the canvas.

ANNUAL RACE TO-DAY.

Oxford and Cambridge Crews in Good Condition.

London, March 31.—On the eve of the annual race between the Oxford and Cambridge crews, which will be rowed to-morrow over the Putney course, the experts are unwilling to make any prediction as to the probable outcome. Not in several years have the crews of the two universities been more evenly matched.

The Oxford men, all of them lacking previous experience in the historic contest, have made wonderful strides in training. On the other hand, the Cambridge men have made a less sensational showing in training, but those who have taken note of this fact also realize that several of the Cambridge garrison have rowed in the historic race before, and have the advantage of experience.

Interest in Baseball Contest.

Votes for the baseball contest at William Hahn & Co.'s are coming in steadily, and a number of new contestants have entered during the past week. The season tickets that are offered as prizes will probably be the only ones in use this season, as none are offered for sale by the club. Monday will again be the fifth and last week of the contest, and the friends of the different contestants intend making the race a warm one. The coupon in Hahn's advertisement in The Washington Herald to-day is worth five votes.

Empire Billy Betts will handle the in-dicator, having been engaged for the present season.

YANKEES SCORE SHUTOUT.

New Batting Order Works Well Against Nashville.

Nashville, March 31.—The Highlanders wound up their Southern jaunt this afternoon by rolling up ten runs and shutting out the Nashville team. The weather was still a trifle frigid, but an improvement over that in Chattanooga yesterday. There was no wind to-day, which was some relief.

The Highlanders had a new batting order. Harzell being moved up to fourth place and Knight dropping to fifth place. The idea is to see if Harzell won't work better with Chase on the bases than Knight has been doing. The combination this afternoon proved plenty prolific in the run-making line. Score:

Highlanders..... 0 0 0 1 2 3 1 6-10 11
Nashville..... 0 0 0 0 0 0 0 0-0 10 13

McALEER CANCELS PRACTICE GAMES WITH ATLANTA

Weak Pitchers Cause of Manager's Decision to Call Off Contests With Southern Club.
